BIPARTISAN SUPPORT FOR DRUG PRICE TRANSPARENCY

MAJORITY OF THE PUBLIC WANT LEGISLATORS TO Take Action on High-Priced Drugs

While drug companies continue to push the limits on prescription drug prices, **Americans are making their frustration with the endless increases known.**

NEARLY

90%

OF AMERICANS

support transparency in prescription drug pricing.

NEARLY

80%

OF AMERICANS

find prescription drug prices "unreasonable".

ACROSS PARTY LINES

recognition that prescription drug prices are unreasonable and **support for smart policy solutions, like drug pricing transparency, are reaching new heights.**

Widespread bipartisan support for prescription drug transparency:

83%

OF DEMOCRATS

88%

OF INDEPENDENTS

88%

OF REPUBLICANS

What Are We Waiting For?

Americans have spoken loud and clear – they are fed up with nonstop prescription drug price increases and are looking to lawmakers to find solutions. California has the opportunity to act by passing **SB 17** (Hernandez) and finally respond to residents calls for Rx price transparency. We can't afford to wait any longer - California needs **SB 17**.
