

William Kinder is a Senior Manager of Operations Excellence and Project Management Office with Partnership HealthPlan of California. In his role, William oversees two teams and 4 programs including the Telehealth team. The mission of the PHC Telehealth team is to improve both access and quality health services in rural and medically underserved areas. His team helps to provide Telehealth solutions to clinics and health centers such as video clinics and eConsult for a variety of medical specialties. William enjoys working with sites to provide sustainable solutions that will serve the community's needs. William is a strong advocate for the use of Telehealth modalities for all forms of care.
