

Veronica Mones, RN, BSN, MSW
Vice President of Healthcare Services
Molina Healthcare of California

Veronica Mones is the Vice President of healthcare services at Molina Healthcare of California. She is a results-oriented leader in the medical administration space with a unique combination of clinical, analytical, and management skills. She has expertise in developing and implementing medical programs with thorough knowledge of state and federal regulations.

Prior to coming to Molina, Veronica was the Senior Director of Medicare Performance Management and Director of Utilization Management at L.A. Care Health Plan. She has over 17 years of experience in the health care industry, also serving as the Director of Care Management at Martin Luther King, Jr. Community Hospital in south LA, an RN case manager at the AIDS Healthcare Foundation, and as a school nurse for the LA Unified School District.

She earned her BSN with a public health certificate and Master of Social Work degree with a case management certificate, from the University of Southern California. She is currently furthering her education by pursuing a doctorate in business administration with an emphasis in health care administration from Northcentral University.
