California Association of Health Plans

OUR MISSION — Advocating for Health Plans

The mission of CAHP is to serve our member health plans by creating and sustaining an environment that permits them to maintain viability and grow as organizations dedicated to coordinating or providing high quality, affordable and accessible health care to their members.

We do this by:

- » Advocating for the interests of health plans and their members on legislative and regulatory issues
- » Educating policy makers, opinion leaders and regulators on the implications of policy concepts, issues and proposals
- » Promoting collaborative efforts among health plans, providers, purchasers, brokers, other health care associations and other stakeholders to assert policy toward the provision of high quality, affordable and accessible health care
- » Informing the media and the public about our philosophy and the benefits health plans provide
- » Engaging the state's political leaders
- » Promoting opportunities and forums for plan members to meet, exchange ideas and discuss critical issues affecting the industry and industry effectiveness

Letter from the President

We are pleased to provide you with the 2022 CAHP Membership Directory. This publication is the source for concise, up-to-date information about each of the health plans in California.

Our members include for-profit, not-for-profit, and public full service licensed Knox-Keene health plans. They serve commercial, Medi-Cal, Medicare, and Covered California consumers.

The directory also highlights Associate, Partner, and Health Group Members. All contribute to the success of CAHP in our representation of managed health plans in California.

California health plans are committed to improving our health care system, providing affordable coverage and improving California's Medicaid program for the over 26 million Californians receiving coverage from CAHP's member plans.

Throughout the year, CAHP hosts a series of issue-based seminars and our annual conference in Palm Desert. For more information please visit our website at www.calhealthplans.org. You will also find a wide variety of resources and information.

Thank you for your interest in the California Association of Health Plans.

Sincerely,

Charles Bacchi
